

LAB INTEROPERABILITY COOPERATIVE (LIC)

Resources for Electronic Laboratory Reporting

The Laboratory Interoperability Cooperative (LIC) is pleased to offer Electronic Laboratory Reporting (ELR) Laboratory LOINC® Mapping Guidance educational resources to hospitals in Washington. This session is brought to you in collaboration with the [North Carolina Division of Public Health](#).

The LIC is organized to facilitate the electronic submission of reportable lab results from hospital laboratories to Public Health Agencies. Our common goal is to assist you in achieving your Meaningful Use (MU) stage 1 criterion objectives for ELR by providing you with the skills to properly LOINC encode required reportable lab results to your public health jurisdiction(s).

**Register for the
Raleigh-Durham
session today!**

March 21, 2013

Registration 9am - 9:30am

Workshop 9:30 - 3:30pm

[RSVP HERE](#)

You are invited to participate

At this workshop you will:

- Learn to map LOINC codes to your local data dictionary.
- Gain important skills to meet the Meaningful Use criteria for Electronic Lab Reporting (ELR) to public health agencies.
- Access online tools, resources and support through LIC participant portal.

This workshop is targeted for all hospital settings from rural hospitals and Critical Access Hospitals to large academic medical centers. The face-to-face educational session is scheduled on Thursday, March 21st from 9:00am-3:30pm.

Workshop Agenda

The following agenda is to provide an idea of what to expect the day of the workshop. Individual topics may be shifted between morning and afternoon sessions to accommodate participants.

- Overview of LIC and Meaningful Use (MU)
- LOINC Searching & Mapping Demonstration
- Messaging and Reporting
- State Health Department ELR Update
- Group and Individual Mapping Exercises

We hope you are able to join us for this informative session and to network with your colleagues. Lunch and refreshments will be provided. [RSVP HERE](#)

If you are interested in participating, [please RSVP no later than Thursday, March 14th](#).

How to participate

To participate in the workshop and access the LIC online education resources, each facility must complete a Hospital Participation Letter as part of the webinar registration process ([attached here for review](#)).

[Please follow this link](#) to provide registration details and instructions on returning your participation agreement. Upon our receipt of the completed document, we will send your final event confirmation and final event logistics. [Please RSVP](#) no later than Thursday, March 14th.

* As a federally-funded grant, our obligation is to track participation in our efforts – this requires each facility to acknowledge their participation and understand our intent to help you progress to Electronic Laboratory Reporting to your local public health jurisdiction.

Learn more about [LIC participant tracking here](#).
